

EXEMPTION LETTER

SOIL EROSION CONTROL PROGRAM

Part 91, the Soil Erosion and Sedimentation Control Act, has specific exemptions for projects that are within 500' of a lake, stream or wetland but will either **disturb less than 225 square feet or can be completed in less than 24 hours.** Upon signing this letter and returning it to the Iron Conservation District office, you will be exempt from obtaining a Soil Erosion and Sedimentation Control Permit for this project. If the named project is found to have contributed to sediment or is larger than 225 square feet/greater than 24 hours, this waiver is void and a permit will need to be obtained from this office.

Check one:

225 Exemption _____ I hereby state that my earth change will be _____ square feet and therefore exempt from a Soil Erosion and Sedimentation Control Permit. I also state that my earth change will not contribute sediment to any lake, stream or wetland.

Minor Earth Change _____ I hereby state that my earth change will be completed (including the installation of all permanent erosion control means) within 24 hours from the initial disturbance and therefore exempt from a Soil Erosion and Sedimentation Control Permit. I also state that my earth change will not contribute sediment to any lake, stream or wetland.

Project Location: _____
(address)

Date Earth Work to be started: _____

Landowner Printed Name: _____

Landowner Signature: _____

Landowner Telephone #: _____

Description of Earth Change: _____

Return completed from to:

Bob Gussert
Iron Conservation District
2 South 6th Street #15, Crystal Falls, MI 49920
